Flooring Structure

Classification : 8mm, AC4, SG
Net Size : 1288mm x 196mm
Quality standard : EN13329 Grade A
Packaging : 8 panels per package 2.02 sqm per package

Test Result(s):

Property	Results
Resistance against abrasion according to EN 13329:2016+A2:2021-09 Annex E	Abrasion class Ac4
Resistance against impact with a big ball according to EN 13329:2016+A2:2021-09 Annex H	1150 mm
Resistance against staining according to EN 438-2:2016+A1:2018-12	Grad 5
Simulated movement of a furniture leg according to EN ISO 16581:2019-06	no visible change / damages
Resistance against soft castor chair rolls according to EN 425:2002-04	no visible change / damages
Thickness swelling according to ISO 24336:2005-03	9.0%
Surface soundness according to EN 13329:2016+A2:2021-09 Annex D	2,99 N/mm ²
Geometric properties according to EN 13329:2016+A2:2021-09, Annex A and B	All results are in the permissible tolerance
Residual indentation according to EN ISO 24343-1:2012-01	0.01 mm

Impact Resistant

Healthy and ergonomically compatible

Resistant to burning cigarettes

Hygienic and easily maintained

Resistant to stains

Non-abrasive

Fade Resistant

Resistant to household chemicals

Termite Resistant

Formaldehyde
