

VITO FLOR™

FLOORING | CLADDING | CARPETS

HARDWOOD | ENGINEERED

Vitofloor is a total flooring solution provider with a complete flooring collection that meets the modern day requirement for beautiful, durable and functional floors for residential as well as commercial settings. A carefully designed range of high quality flooring solutions, the entire range of Vitofloor is a blend of rich and authentic colors, decors, textures and surfaces.

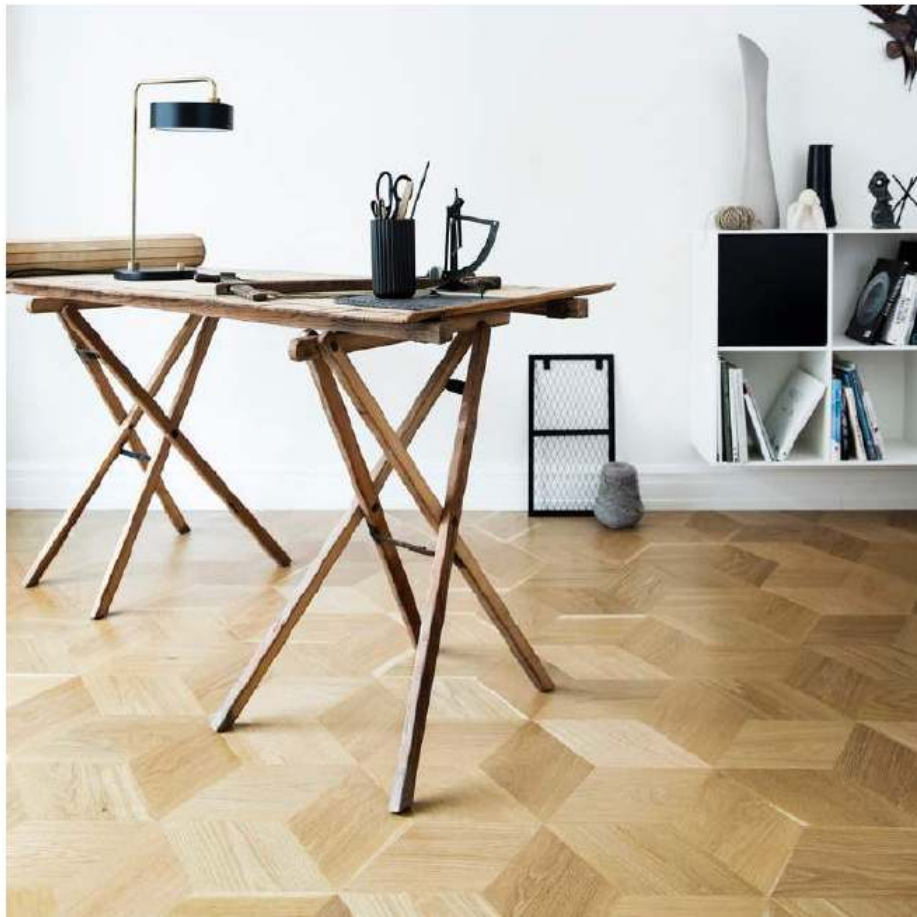

Vitofloor initially entered in the market of flooring with wall to wall and tufted carpets but today the product line ranges across hardwood flooring, engineered flooring, laminate flooring, carpet tiles and other allied products, all branched under the parent brand Vitofloor. With such diverse options, our floors can complement any room setting, liven up any space and provide the instant transformation your room deserves, and ultimately always prove to be the right floor.

Vitofloor Hardwood and Engineered Flooring are an integral part of the product line. With a great emphasis on manufacturing and supplying the most superior quality and grades of floors from around the world, both the series are carefully designed to offer the most exquisitely crafted floors for any unique setting.

In addition, with exclusive strategic tie-ups with some of the leading manufacturers in the world for Hardwood Flooring and Engineered Flooring, Vitofloor is not only able to provide a wide array of exotic wooden species but also provides them in a variety of surface textures, patterns, stains and sizes which can be customised to suits the varied requirements.
